

SKYWARN WEATHER SPOTTER TRAINING ANNOUNCEMENT

Site: Grays Harbor County Emergency Management
310 W Spruce Street, Suite 210, Montesano, WA 98563

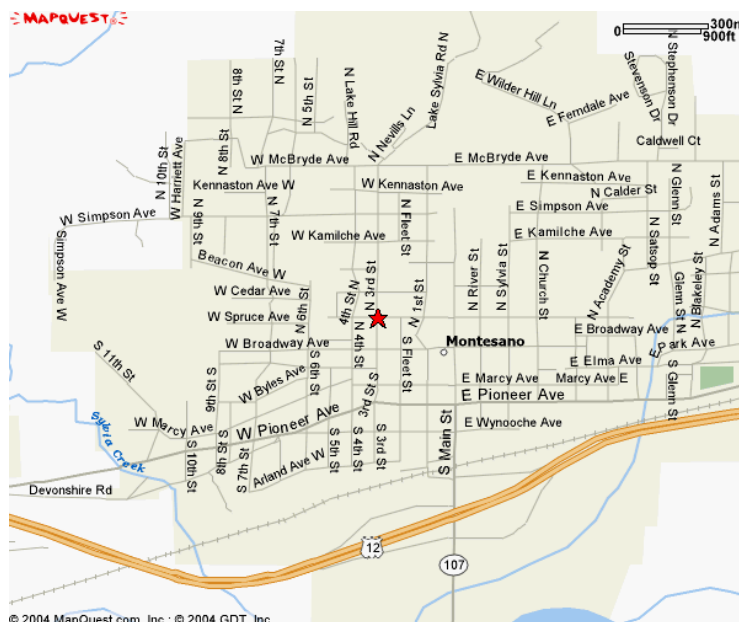

Date: Tuesday, December 7, 2004

Time: 6:00 – 8:30 p.m.

RSVP: Grays Harbor County Emergency & Risk Management
Division 360-249-4222 X291 or emd@co.grays-harbor.wa.us

The National Weather Service will train new or veteran spotters, including interested citizens, amateur radio, CERT, citizen corps, and law enforcement, fire, transportation and public works staff, on how to look for and report significant event-driven weather events. Training includes video demonstrations. Spotters are needed, particularly in the rural parts of Grays Harbor, Mason and Lewis counties, in the Satsop and Wynoochee river valleys, Elma, Artic, and McCleary areas, as well as, among those who have weather instrumentation, such as an anemometer.

If planning to attend this spotter training session, please RSVP so appropriate handout materials can be on hand. Class capacity is 25, so sign up early. We look forward to seeing you at this or other Skywarn Spotter training sessions, and receiving your hazardous weather reports.

Directions: Take US Hwy 12 to Montesano and take the SR 107 / Main St exit. Turn north on Main St. Go thru the traffic light and turn left onto Spruce St. The county building is a few blocks down Spruce on the right. Street and building lot parking available.
